SPECTACULAR MAASAI MARA SPECIAL OFFER.

"The safari takes you down the Rift Valley in one of the exclusive conservancies in the Maasai Mara or the reserve itself. The Mara conservancies offer a high quality safari experience, with few vehicles permitted access, where you will witness some of the world's most spectacular wildlife within the dramatic scenery. The annual Wildebeest Migration at the Maasai Mara is a natural cycle that replenishes and renews the grasslands of East Africa. Each June, around 1.3 million Wildebeest gather in the Serengeti to calve. They slowly mass into a huge single herd, until the dry season withers their supply of fresh grass. The scent of rain to the North begins to draw the herd throughout July, and soon the planet's greatest animal migration is underway. This is one of the remarkable wildlife attractions in Kenya."
